

## The Grace Period Application

The Grace Period provides transitional housing that is rent-free/low rent, utility-free temporary housing. Each family works hard to pay off debt, save money and focus on personal development. Staff and community volunteers partner with each family to set goals and gain the resources necessary to move into a home of their own at the end of the program.

There are currently 2 program options (check the one you are most interested in):

- 90-Day Program (Rent and utility free)
- 12 Month Program (Highly reduced rent utilities included. Preference for this option is given to adults who have educational goals.)

The Grace Period provides each family with a fully furnished house, duplex, or townhouse. The program is based upon high accountability and families are required to live on all needs and no wants. Each adult in the household must have a full-time job or be actively seeking full-time employment and may not be out of a job for more than two weeks during the program.

Families are required to attend weekly meetings, including case management, budget counseling, and personal development.
